## Landscape or Ornamental Horticulture

- Gardening is the #1 leisure activity  
in North America

- Floriculture, Nursery and Sod  
are the largest commodity of the broad  
agriculture industry in Ontario

- Business revenues for landscape  
horticulture are estimated to be  
\$6.5 billion annually and growing at  
about 15% per year

- Over 100,000 people are employed  
in Ontario's horticulture industry, in  
over 10,000 business operations
